

FLYING HIGH

Travel Stick is a personal inhaler with a blend of essential oils formulated by Annie Prince Aromatherapy. It's perfect for those moments when your breathing may get a little clogged while flying. Aimed at frequent fliers, make this inhaler your travelling companion. We can't believe someone didn't think of inventing this before. annieprincearomatherapy.co.nz

THE MIGHTY MIGRATION

Luxury safari in Tanzania be in the prime position to watch a million wildebeest make their extraordinary journey.

Safari expert Abercrombie & Kent (A&K) welcomes guests to its exclusive new Sanctuary Serengeti Camp in Tanzania. Based across three locations in the Serengeti National Park, you'll experience one of the world's best natural spectacles, the Great Wildebeest Migration. On a nine-day private journey, Tanzania Under Canvas, spend three nights in the 1.5 million-hectare national park, where two million wildebeest and hundreds of thousands of gazelles and topiaries graze on new pastures and water. You'll be in prime position to witness the phenomenon. Stay in one of 10 new five-star tents, each with wooden deck, en suite, authentic power and personal tent attendant. Gym and yoga kits are also standard in each tent. Relax by being at the fire pit, exchanging stories under starry skies and listening to wildlife encounters and historical derring-do from the passionate guides.
